# Mini-games – How to play them

This section will guide you through playing the new mini-games for Season 2 of Being a D.I.K. It will not show the solutions to specific mini-games. If you are looking to beat a particular mini-game, read the walkthrough section for that episode.

## Painting mini-game

Like the drinking mini-game, you hover the mouse cursor from the start box to the goal box without touching the edges. But before reaching

the goal box, you must have hovered the mouse, so each part of the path gets painted. When you have covered 100% of the path, the goal zone will unlock; reach it to complete the game. Each attempt has an invisible timer, so you can't take too long to do it. There are no cheats or boosters to make this mini-game easier. Winning the painting mini-game earns you **special renders**.

# Cooking (Pancakes)

In the cooking mini-game for pancakes, you must flip each pancake and time your flip with the power gauge to the right to get a higher score. Try to click the flip button so the arrow lands in the green zone in the middle of the bar. If you have good reflexes, you can be quick and time it early. If you're struggling with the mini-game, it's recommended to wait until the arrow comes back down before clicking flip. A perfect flip will net you 100 points.

# Mansion mini-game

In the mansion mini-game, your tasks are to restore the mansion areas to their former glory and replace the windows. To complete these tasks, you will need to earn money to afford to purchase the windows. The mini-game is strategy-based, and you have to try your best to optimize each turn to get the best result from the mini-game.

The mansion mini-game can be segmented into three phases, Task management, Result evaluation, and Experience point allocation.

## Task management

In the first phase, you decide who does what for the current round. You can choose between having a DIK clean the mansion or work to earn money using the bulletin board. Early on, a good strategy is to have the DIKs work in groups for whatever they do. This will allow them to complete tasks faster and gain more individual experience points. But to win the mini-game, you can't only work as a group. When the DIKs have earned enough experience points to complete tasks independently or with a single partner, it's a better strategy to employ.

Click the different tasks on the mansion blueprint; there are three floors filled

The screenshot displays the game's interface. On the left is a blue blueprint of the mansion with various rooms labeled: Dining room, Kitchen, Jamie's room, Rusty's room, Home theater, Porch, Left Hallway, Right Hallway, Bathroom, Main party room, Library, Front Hallway, and Stairway. A 'Legend' box indicates that orange squares represent room names. A 'Floor' selector on the right shows '2F', '1F' (highlighted), and 'BF'. A 'Floor stats' box at the bottom left shows 'Completed - 14%'. On the right is an 'Assignment' panel with a header and a sub-header 'Clean Repair Work Salvage'. It lists five team members with their progress for each activity: 29% Clean, 100% Repair, 10% Work, 19% Salvage; 24% Clean, 9% Repair, 15% Work, 30% Salvage; 34% Clean, 9% Repair, 10% Work, 30% Salvage; 15% Clean, 10% Repair, 17% Work, 30% Salvage; 19% Clean, 20% Repair, 15% Work, 30% Salvage. Below this is a 'Task' section showing a score of 12950 and money of 21, with a progress bar for task completion at 74% (74%/84%).

with tasks. You can see how much progress is left to complete the task in the

bottom right corner. Aim to complete a task when you assign a DIK without going over too much with the sum of experience points. Early on, working for money will be a slow grind since you don't have high enough experience points to accept high-paying jobs. One strategy is to hold off on working until you gain enough experience to accept jobs paying \$3-\$5. Alternatively, you could assign a few DIKs every round to always work your way up to the \$65 needed for the window repair. Be advised that working too much and too early will cause your experience points to grow slower.

## Result evaluation

After a while, the DIKs will have carried out the tasks you planned for them, and the results will be evaluated. You will get experience points and money for the tasks you completed each round. The evaluation report is good for learning why you earned the points and fine-tuning your next-round strategy.

The image shows two panels from a game interface. The left panel is titled "Task: Repair mansion" and lists the following statistics: Base points: 1000, Bonus points: 450, Group points: 100, Completed points: 0, and Total points: 1550. It also shows icons for a wrench, a hammer, and a question mark with a "+2%" bonus. A floor plan of a mansion is visible at the bottom right of this panel. The right panel is titled "Results" and shows a summary of performance for four different groups. Each group's results are listed with a bonus icon, individual player bonuses, and total points.

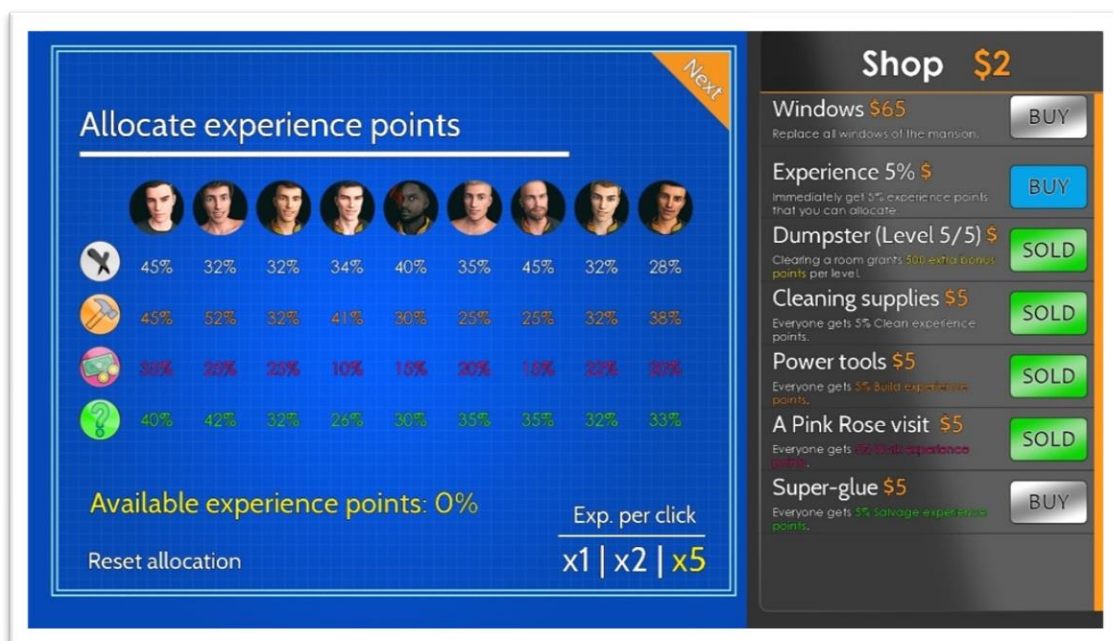

Group	Base points	Bonus points	Group points	Completed points	Total points	Skill
Group 1	1000	1080	670	0	4450	+4%
Group 2	1000	830	580	430	3740	0%
Group 3	1000	620	570	670	3760	0%
Group 4	1000	450	0	0	1550	+2%

You get bonus points for working in a group and for any completed task. You also get bonus points for the collective sum of experience points everyone has per task. You get 2% experience per teammate when working in groups, meaning that you can get up to 6% individual experience points if you work in a

group of three DIKs. In this case, for mansion tasks, you would get 6% for build/repair/salvage per DIK, which is equal to an 18% gain per DIK. Working for money only increases your work skill, and thus a similar 6% boost would mean a 6% boost for the work skill.

### Experience point allocation

For every 1000 points you earn, you get 5% experience points to allocate freely for any DIK and skill. You do this after the evaluation report. You can also purchase perks that allow you to grow faster. Even though these perks cost money, they can be worth buying early on for a big boost. The Dumpster perk is handy to purchase and max out early on, as it will significantly boost the points you get from completing a task in the mansion.

When allocating the experience points, you could employ multiple strategies, depending on how you want to play the mini-game. One approach is to keep everyone balanced and growing as equal as possible, which would mean that every DIK will work in smaller groups simultaneously. Another strategy is to keep a few DIKs ahead of others to make them more efficient at clearing tasks without help. Even if you lose the team experience boost from working solo, it

can be a good strategy as it allows you to accept high-paying jobs earlier. Don't max out a DIK's experience too fast because any experience you would have gained for a task will be worth nothing if he already has 100% for that skill. In general, investing the first rounds of experience points into the skills needed for cleaning the mansion is a good strategy.

### How to win the mansion mini-game

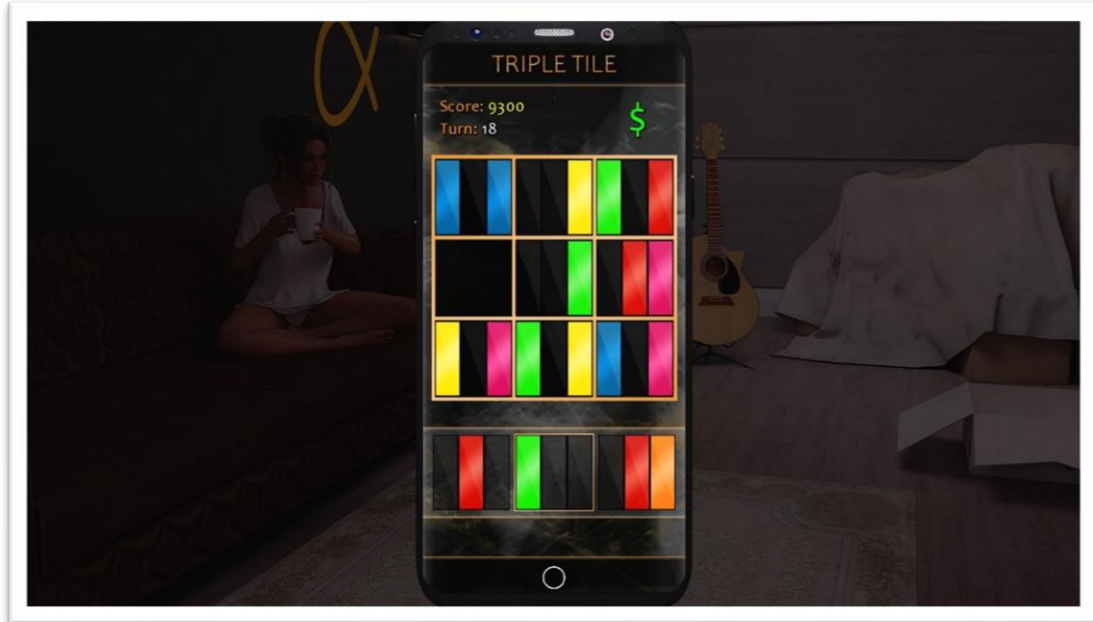

To win the mansion mini-game, you have to purchase the mansion windows, meaning that you will need to earn **\$65** by any means necessary. You also have to complete every task in the mansion. The story will give you hints of how much time you have left before the mini-game ends. Aim to make the most out of each round, and you shouldn't have much trouble completing the tasks.

There are other ways to boost the mansion mini-game in the story. You can earn extra money during certain free roam events and story events and even spend time fixing something in the mansion by yourself. If you discover such an opportunity while playing, do it to get a boost.

## Triple Tile

You find the Triple Tile mini-game on your phone, starting episode 7. Your goal in Triple Tile is to match three tiles with the same color in a row, column, diagonal, or within a cell. When you place a tile that fills any of those requirements, the colored tiles in your combination are removed. The more tiles that are removed simultaneously yield a higher score. You have three sets of tiles at the bottom of the screen. Click one and place it in an empty cell. You can also place the tile on top of a cell that doesn't occupy the same slots as the tile you're playing. After you have played all three tiles at the bottom of the screen, a new set of three tiles will appear. Playing three tiles is equal to playing one

turn. Reach 15 turns to earn \$, each free roam event. You can play on either normal or easy difficulty and earn money. Reach turn 100 on normal to get the Triple Tile trophy on the desk in your new study area.

## Beach ball mini-game

In the beach ball mini-game, you have to find and click the beach ball that says CATCH quickly. If you are too slow or click a ball that says MISS, you will lose one point. If you find and click the ball that says CATCH, you will gain one point. First to five points wins. Choose a difficulty that suits your reflexes.

# Basketball mini-game

Much like the cooking mini-game, your goal is to stop the moving arrow near the middle of the power bar. You can either click as the arrow goes up or

on its way back down. The game becomes increasingly harder with every successful shot. If you shoot when the arrow is too far from the center, you will miss the shot; unless you are lucky and you get a LUCKY SHOT, which saves a shot that would have failed.

# Episode 5 – HOTheaded

## Scene location: DIK mansion

During the evaluation, your past DIK-related choices during Hell Week will be evaluated. You will get a point for every task you contributed to, and your score will be compared to Derek's. There are many ways to earn points, and here's the list of the points you can get through choices and actions.

- You'll get one point if you drank beer during episode 3 and episode 4 free roam events by clicking on the beer coolers. You don't have to win the mini-games.
- If you wore the DIK helmet on at least three different occasions, you'll get one point.
- You'll get one point if you got slapped by either Lily in episode 3 or Mona in episode 4.
- If you got your dick signed by Envy in episode 3, you'll get one point.
- If you put the condom in Dawe's shaker, you'll get one point.
- You don't get a point for giving Magnar a wedgie, but if you do, Derek won't get the point for giving Bert a wedgie, which counts in favor of winning Hell Week.
- If you fucked Quinn on the roof in episode 4, you'll get one point.
- If you fucked Jade and showed Derek the proof in episode 4, you'll get 2 points.
- If you won the CUM-petition in episode 2, you'll get one point.

- If you told Derek to take photos of you on Tybalt's bed in episode 2, you'll get one point.

The winner of Hell Week is announced during this scene.

Dawe "Hahaha! What a bunch of baby DIKs!"

Fight Caleb **If you fought the jocks in episode 2**: Permanent penalty to **CHICK** status. **+1 RP DIKs**. Jamie gets punched by Dawe. If you aren't playing with mini-games enabled, choose the following to win the fight: Kick > Punch > Dodge > Kick or Punch

Walk away: Permanent penalty to **DIK** status.

When controlling the drone, click on the six windows to progress the scene.

There are three windows on the upper floor and three windows on the bottom floor.

## Scene location: Free roam event at Alpha Nu Omega mansion

Hint! There are 19 special renders you can get in this free roam. 17 from finding magazines, one from a piano puzzle, and one from playing Brawler. You can also unlock the vault by entering the code 4226 in the Vault app.

Hint! You can earn money from playing Brawler and Shuffle.

Hint! You can get money from two places; one is by the globe in the room where you find the suit, and one is in the bookshelf to the left in Tybalt’s room.

Hint! Your DIK score will be updated, and you may have a new status in your Stats app.

If you’re short on money, open your phone and play Shuffle and Brawler early on. Money can unlock up to three different lewd scenes during this free roam event.

Open Rooster and react to the different clucks. Responding to Anthony’s cluck will give you +1 DIK point for the first option or +2 DIK points for the second option. Reacting to Josy’s cluck will give you -1 DIK point for the first option or +1

**DIK** points and **-1 RP Josy/-1 RP Maya** for the second option. Reacting to Lily's cluck will unlock new events if you offer to get her Tequila.

Exit the room to get an event with Riona.

Riona "Want a hit?" If you smoked weed in episode 4

Smoke pot: <Nothing>

Don't smoke: <Nothing>

Riona "Sage could have set it up."

Confront her: This can lead to a lewd scene.

Let it slide: <Nothing>

Riona "But I'm not gonna tell you to do that." or "Right." If you confronted her in the choice before this one and discussed the Cathy cluck with her during the free roam event at the DIKs in episode 4.

Give her money: Giving Riona any amount of money may unlock a lewd scene.

Don't give her money: <Nothing>

Riona "Haha, yeah. We could fool around out here. How about it?" If you gave her money, kissed her in episode 4 during the free roam event at the DIKs in episode 4, and bought her services from Quinn's restaurant.

Go for it (two times in a row): +2 **DIK** points and a lewd scene.

Decline: -2 **DIK** points, but only if you decline immediately.

After talking to Riona, your first task is to find a suit. You can go to the bathroom using the left door in the scene after Riona's event to get a scene with Sarah, Melanie, and Heather.

Heather “The answer to that question is standing over there looking at me naked!”

Excuse yourself: -2 **DIK** points

Compliment her: If you have a **DIK** affinity, you'll get +1 **DIK** point; otherwise, you'll get -1 **DIK** point.

Looking at Mel: +1 **DIK** point

Heather “Fuck... Ashley is watching our bags.”

Did you know about this?: <Nothing>

Where's Sage?: <Nothing>

Joke around: <Nothing>

Heather “You girls are assholes.”

Look at Heather’s tits: +1 **DIK** point

Don’t look: <Nothing>

You find the suit in the room across from where you entered the mansion. Click the down arrow until you’re at the end of the hallway and use the door to the left. The suit is in the dresser in the door to the far right. When you exit this room, a scene with Josy and Maya will start.

Maya “It’s so bubbly! Do you want a sip?”

Take a sip: <Nothing>

Don’t drink: <Nothing>

Maya “Good, huh?” If you took a sip of the Champagne.

Tastes good: <Nothing>

Tastes bad: <Nothing>

Josy “Yeah, you can come too.” If you didn’t choose Maya and Josy in episode 4 or if they didn’t choose you. If you all chose each other, the first option is chosen by default, and you will get a few extra scenes later in the episode.

I’ll be there for you: You will get a few extra scenes later in the episode.

Don’t help her: <Nothing>

Maya will ask you to bring them more Champagne if you’re a part of their relationship. To find the bottle of Champagne, head down to the first floor. At the end of the hallway behind Lily, there’s a blue rag on a shelf in the room to the left. You will get a scene with a guest and two prep pledges before being able to take the rag. What you pick during this dialogue doesn’t affect your stats.

Take the rag and go to the bathroom next to the security guard. Flood the toilet using the rag (+2 **DIK** points), and then head to the kitchen, the door across the room where you found the rag. Click on the Champagne and bring that bottle to Josy and Maya to get an extra scene with them. If you choose to stay and dance with Josy and Maya, you will get **+1 RP Josy and +1 RP Maya**.

You can enter Tybalt's room on the floor where you entered the mansion and inspect his phone; it's on the table with the liquor. You can choose to snap a dick pic. Checking his phone will give you +1 **DIK** point, and taking a photo of your dick will give you +2 **DIK** points.

You can head out to the balcony using the door next to Jill's and Tybalt's rooms and signal the DIKs. You'll need to be wearing a suit for this to work. Signaling the DIKs will give you **+1 RP DIKs**.

Head upstairs, and you will find special renders and a piano puzzle. Playing Für Elise on Jill's piano will unlock a special render. See the special render section of the guide for details on how to unlock it.

Talk to Elena and Ashley in the library. If you leave when Elena asks you to, you'll get -1 **DIK** point.

The bottom floor has several events and outcomes. Start by checking Rooster and if you're interested in unlocking a lewd scene with Lily, respond to her Cluck that you can get her a tequila bottle. Talk to Lily.

[Lily "It's a DIK tradition I believe."](#)

I wouldn't have wanted that: -1 **DIK** point, and Lily will leave the party.

Damn... I want a personal stripper: +1 **DIK** point. If you responded to her cluck saying you will get her Tequila, she will ask about it.

To find Tequila for Lily, go to the bar and talk to the bartender. Ask him for Tequila. Talk to Derek; if you didn't already talk to him, you will need to speak to him two times, so he distracts the bartender for you. When he does it, go left and click the Tequila bottle on the bar's upper shelf. Return to Lily with it. Lily will ask you to get lemon and salt and meet her upstairs. Go back to the bartender and ask for a lemon. Return to Lily on the second floor, outside of the room where you found the suit. Talk to her, and a scene will start.

You “Yeah, this is not good...”

Stop her: -1 **DIK** point

Make out: +1 **DIK** point and a chance to get a lewd scene.

If you stuck your finger in Lily's ass during episode 3, you would have to pay **\$\$\$\$** to unlock the lewd scene with her. If you didn't stick your finger in her ass, the price is **\$\$**, or you can get it for free if you don't have a **DIK** affinity.

Talk to Camila, who's sitting next to the bar.

You “(Oh fuck! Tybalt!)”

Hide your face: <Nothing>

Ask Camila for help: A chance to get a lewd scene.

Camila “Haha, it works in movies.” If you asked her for help in the previous choice

Fuck Quinn: If you fucked Camila and Mona in episode 3, she doesn't charge you for the lewd scene.

Pay Camila for sex (\$\$): Unlocks a lewd scene with Camila.

Leave: <Nothing>

After talking to Camila, you can call Quinn and end the free roam event. Before you do that, there are some additional events to see. Head down to the first floor and click down until you get to the spot where two men are talking to each other. A short scene with Mona will start. After that, you can enter the room that was previously locked if you want. You can talk to the men in the hallway and get a short scene. After Mona leaves, return to the room in the back, next to the bar across the kitchen, and a scene with Jade will start. If you fucked Jade in episode 4, the scene will be longer.

Jade “What are you doing here tonight?”

Sneaking in: <Nothing>

Mingling with the guests: <Nothing>

Follow her: You will unlock a lewd scene if you're in Josy and Maya's relationship or an alternate scene if you're not.

Find Maya: You will unlock a lewd scene if you're in Josy and Maya's relationship or an alternate scene if you're not.

Josy “...if this doesn't work out, I might lose both of you.” If you chose Josy and are in Josy and Maya’s relationship.

Take it slow: +1 RP Josy.

That won’t happen: <Nothing>

If you have more than 10 RP Josy, you can unlock extra options during her lewd scene. If you reassure her, you will get +1 RP Josy and the optional tit job.

Offer to drive her home: An extra scene with Cathy and a chance to get a lewd scene. You won't miss any content with Jill and Isabella if you choose to drive her home.

Let her take a cab home: <Nothing>

Cathy "What you're saying is that you want to end it. Am I right?" If you drove Cathy home and have completed her Swyper chat in episode 4. If you're in Maya and Josy's relationship, you will automatically decline her question.

Click on the sofa to end the free roam event.

## Swyper: Gallery pictures and story events

Open your phone and click on the Swyper app. Swipe up on every girl. Completing Paula's chat can unlock two renders for her gallery but nothing else, her conversation is only for entertainment, and she will reject you, no matter what you answer. All other girls can either reject you or have a continuation after episode 5. Below is a list of replies that will avoid being rejected by each girl and unlock the gallery pictures in the Swyper app. Please note that there are other ways to complete each chat; only one possible route is listed.

Catrin:

- "What's wrong?"
- "That sucks. What did you end up doing?"
- "You still hang out with your exes?"
- "If you say so."

Ellie:

- "How drunk are you?"
- "Great! Only 5 more to go."
- "I thought you were a party girl. I guess not."
- "You still there? It's been a while."
- "Hey, if you're undressing, show me a pic."
- "Nice shave! And another cosmo in the background."

Nicole:

- "Perfect timing. I'm under the covers ready for bed. How about you?"
- "That looks really comfortable. I wish I were there with you."
- "I would squeeze your tits."
- "It feels great against my fingers. As I move my fingers further down, I feel how it's getting warmer."
- "I suck on your breasts and rub my fingers against your panties, focusing on your clitoris."
- "I start rubbing your wet pussy."
- "After rubbing you, I insert one finger and move it with a steady pace while getting you off."
- "I keep going until you cum."
- "You're so hot, Nicole."
- "Take care."

Nora:

- "It was my friend who set up this account for me. I see that he put in ages 18-69 for some reason."
- "Yeah, maybe something like 18-32?"
- "Yeah, you managed to change my mind."
- "I'm a bit like you; I'm looking for something casual. That's why I'm on Swyper, to see if there's someone better suited for me. I checked your likes and dislikes, we share an interest in science and maybe even the human body, depending on what you mean by that...or wait, we share that interest either way."
- "I wouldn't say zero interest. I just don't know anything about it. Except for playing guitar, but that's likely not what you meant by art."
- "Hey, if you're willing to teach me, I'll try everything once."
- "Do you got any more pictures of yourself?"
- "I want to see more of you. How about you take a picture for me right now?"
- "Did you open that robe just for me or is that how you dress at home?"
- "Great. We should meet up for real sometime."

Arieth:

- "What do you mean?"
- "You did? I didn't get a single message."
- "Waiting for what?"
- "I really don't."
- Send her a dick pic
- "You have a favorites folder?"
- "Yeah, I procrastinate sorting my penis pictures too."

Paula:

- "Well... I would consider myself a vagitarian."
- "And I would need you to get off vegetables and fruits."
- "Sure... Whatever."
- "I don't know how alike we are, but I saw that you do some form of yoga, right? I know some yoga, too. Never did it without clothes, though."
- "Sounds interesting. Can you show me how it's done? Got any more pictures?"
- "Yeah, those muscles are stretched good."
- "Yeah, for sure! Got any more?"

## Scene location: Isabella's home

Jill "Hey...?"

In Jacob's room, there's a pillow on his bed with airplanes on it. Click the left airplane to find the hidden button named "The travel pillow".

If you've done everything above, it's time to return to Rusty's laptop to find the final button. The laptop clock should show 7:30 AM. If it doesn't show 7:30 AM, you didn't speak to every DIK and need to do that first. Click the laptop clock, and you will find the final hidden button named "7:30 AM".

When you have found all hidden buttons, click the Pack Quest app on the laptop again and choose to unlock the **custom renders**. They will appear in your gallery when you unlock them.

End the free roam event by returning to your table and clicking your jacket.

## Scene location: Dungeons and Gremlins

This time around, Dungeons and Gremlins will offer more variety and five different endings depending on your choices. There are ten lewd scenes that you can unlock while playing, and you can't unlock everything using a single playthrough. See how to unlock the scenes in the Lewd scenes section of this guide.

The only choice that affects your stats in Dungeons and Gremlins is when you talk to Cathy in Portia. Give her a low five, and you will get + RP Maya and + RP Jill.

The following section of the guide will guide you to get the five different endings in Dungeons and Gremlins.

### Ending 1 - You died

This ending doesn't need a lot of explanation. Simply choose too many wrong choices and have your character die in the game to get this ending. You will get a slightly different bad ending if you die during the Ice Queen's final battle.

### Ending 2 - Ice Queen Good Ending

To get this ending, first talk to Cathy in Portia. Choose "Talk to the merchant > I slip her some money". She will tell you about a crystal. Go to the tavern in Portia and determine which thief is telling the truth; check the section below the endings if you need help doing this. When you arrive in the Ice Queen's castle,

inspect the small door next to the royal entrance. Enter the code to enter the secret room. Pick up the wand. Start the battle with the Ice Queen and use the wand to unlock this ending.

### Ending 3 – Ice Queen Normal Ending

There are two ways to get this ending. One way requires you to acquire the clay pot from Camila or the secret room in the Ice Queen's castle. Buying it from Camila is the easiest way to do it. Go to the tavern in Portia and determine which thief is telling the truth; check the section below the endings if you need help doing this. When you arrive in the Ice Queen's castle, inspect the small door next to the royal entrance. Enter the code to enter the secret room. Pick up the wand if you want to complete the ending using the wand or fill the pot with acid for the other variant. Start the battle with the Ice Queen and use the wand or throw the acid-filled pot at her to unlock this ending.

### Ending 4 – Ice Queen Evil Ending

This ending requires several steps. In Portia, buy an apple from Cathy. Go to the tavern in Portia and determine which thief is telling the truth; check the section below the endings if you need help doing this. Talk to Jade, the bar maiden, and charm her to get a free mug of mead. Buy a pot for 60 silver from Camila. Do not trade your guitar for a sword. When you arrive in the Ice Queen's castle, inspect the small door next to the royal entrance. Enter the code to enter the secret room. Use the magical wand on the apple to turn it into a golden apple. Enter the royal hall and kneel before the Ice Queen. Ask the Ice Queen about the glyph on the royal hall door. Give her the pot, give her the golden apple, give her the mead and play her a song on your guitar. Tell her, "I have nothing more" and the ending will unlock.

## Ending 5 - Nadia Ending

Go to the tavern in Portia and determine which thief is telling the truth; check the section below the endings if you need help doing this. Buy a pot for 60 silver from Camila. Buy lockpicks from Riona, the blacksmith. When you arrive in the Ice Queen's castle, inspect the small door next to the royal entrance. Enter the code to enter the secret room. Pick up the magic wand and fill your pot with acid from the pool. Go upstairs and pour acid on the lock to enter Nadia's room. Talk to Sage and try to rescue her. Pick the lock using your lockpicks, pour acid on it, and finally use the wand on it. The lock will break, and you will get the final ending of Dungeons and Gremlins.

### How to figure out which thief is telling the truth.

First, you need to talk to Maya at the fruit stand and ask her what she learned.

Just like Maya tells you, two thieves always lie, and one of them always speaks the truth. Every time you play Dungeons and Gremlins, the thief who tells the truth is randomized. To quickly find out who is telling the truth, talk to the bar maiden.

Ask her if they drink a lot. If she answers you:

"They are all sober tonight, for sure." > Dawe is telling the truth.

"They all have had two mugs of mead." > Anthony is telling the truth.

"They are big drinkers, all three of them." > Alex is telling the truth.

Open your phone and chat with Jamie and Maya if you're in Josy's and Maya's relationship.

Enter the kitchen to get a scene with Caleb and Darius. This is required to be able to interact with Arieth later.

Go upstairs and enter Arieth's and Ashley's room, the first door on the right in the corridor. Talk to Arieth and choose what you want. She will ask you to bring her tissues.

Go to the living room. A scene with Dawe and Anthony will play. After this scene, there's a major choice. If you have a permanent affinity, your character will choose for you according to your affinity.

## Major choice #13

Elena "Behave..."

Make the alphas leave: Permanent penalty to **CHICK** status.

Ignore the alphas: Permanent penalty to **DIK** status.

If you choose to make the alphas leave the party. You must find out ways to make every jock leave the party.

Before starting this task, if you chose to do so, follow the guide.

In the living room, to the left, talk to Sage and Josy. Choose whatever you want when Josy asks you if you're worried. Sit down and talk to her. Choose whatever you want during the conversation. Choosing "Flirt" will give you **+ RP Josy**. Choosing "Joke" instead of "Flirt" will give you **+1 DIK** point. Josy will ask you to get her a drink.

Go to the corridor outside of the living room. Talk to Lily, who's having problems with Jimmy. Choose whatever you want during the conversation. If you got her lewd event during episode 5 or have a **DIK** affinity, she will ask you to join her in her room. Please note that you cannot get Sage's full lewd event later if you choose to join Lily and get her lewd event. If you decide to join Lily, kiss her to unlock a lewd event.

Find Sage; she's standing outside of her dorm. Talk to her, and a scene will play. If you're her fuck buddy, a lewd scene will unlock. If you're not her fuck buddy, you have a chance to change your mind about her and get the lewd scene. To get the full version of her lewd scene, you can't have fucked or gotten any other lewd event during the party so far.

After Sage's scene, go back to the corridor upstairs and talk to Sage and Lily. Sage will ask you to get her a drink and find out who invited Chad to the party. Bring Sage a whiskey with no ice to get **+2 RP Sage**, you will get **+1 RP Sage** if you brought her a whiskey with ice or a whiskey with cola instead.

Go back one step to the corridor where Jacob is standing. Enter the door to the left, which is the bathroom. Pick up the tissues and bring them to Arieth. Arieth will go to the kitchen. Once you enter the kitchen, she will scare off Caleb and Darius, and you can now enter the kitchen freely.

Pick up the three hidden bottles of liquor in the HOTS' house.

Bottle locations:

- Rum: Enter Quinn's room. A short scene will play. The rum is to the left in her room.
- Whiskey: In the living room next to Ashley, search the pillow on the couch to find the whiskey.
- Absinthe: In Lily's and Elena's room, the door across Arieth's and Ashley's room in the corridor upstairs. Check the desk with the neon light. The absinthe is the green bottle behind some books.

Go to the kitchen and click on the bar table. Mix a drink for Josy. If you're looking to impress Josy with your drink, mix rum and strawberries and choose to give her the drink.

After mixing a drink for Josy, go back to the left part of the living room, where you can find John trying to make moves on Josy. Talk to Josy. If you're in Josy's and Maya's relationship, you can kiss Josy or tell John to leave. Kissing her is favorable if you like Josy. If you still have feelings for Josy but aren't in Josy's and Maya's relationship, you can make the same choices but for a different reaction. You can also choose to give her the drink, and she will throw it in John's face and make him leave. If Josy throws her drink at John, she will also leave the party.

If you're in Josy's and Maya's relationship, chose to kiss Josy, and got any of her two lewd events this episode, you will get **+2 RP Josy**.

If you made Josy a strawberry daiquiri, you will get **+2 RP Josy**. If you instead made a vodka cranberry or a rum and cola, you will get **+ RP Josy**.

If Josy didn't leave, you can stay and dance with her. If you're in Josy's and Maya's relationship, she will go to the backyard for some fresh air.

You have now prepared all steps needed to make the jocks leave the party. Follow this short guide to make the jocks leave; skip this section if you choose to ignore the alphas.

How to make the tri-alphas leave the party:

- Caleb and Darius: If you followed the steps above to access the kitchen, they would already have left. If not, go back up and reread the guide.
- Anthony: Talk to Ashley in the living room and ask about Derek. Call Derek and talk about Ashley. A small scene will play when you're in the living room, where Ashley and Anthony are standing, and Anthony will leave the party.
- John: If you followed the steps above, John should have left by reaching this point in the guide. If not, go back up and reread the guide.
- Jimmy: Jimmy is in Heather's and Josy's room, on Heather's bed. Click him, and your character will comment that Heather wouldn't like that. Go to the kitchen and talk to Heather. You have to speak to her two times to get the option to choose "Talk" and then "Tell her about the jock in her bed". Heather will storm off and kick Jimmy out of the party.
- Dawe: Go to the basement pool area. Dawe is sitting by the pool. Push him into the pool to make him leave the party.
- Chad and Alex: Chad and Alex hang out with Melanie in Sarah's and Melanie's room. If you want a scene with them before kicking them out, talk to Melanie first. To kick them out of the party, talk to Elena and ask her who invited Chad to the party. Return to Sarah's and Melanie's room, and Melanie will force Chad and Alex to leave.

At this point, you could leave the party using the front door in the lobby and exit the free roam event. But there's plenty left to explore. Continue following the guide if you want to experience more of the party content.

Call Derek and ask about the girls he likes. He will mention Penny and Kylie. Penny and Kylie are sitting on the sofa outside of Sage's and Quinn's rooms. Click them to start a conversation. You can choose to help Derek get laid or not.

Becky is standing alone in the hallway outside of the kitchen, by the basement stairs. You can talk to her, check her out, and get her something to drink. If you have a **DIK** affinity, you can get a lewd scene with her. To get the lewd scene, ask her if she wants a drink, then go to the kitchen, mix a drink with cola, pick any liquor except absinthe. Give her the drink and ask if she wants to hook up. She will meet you in the bathroom, in the stalls where you hid from Camila and Quinn in episode 1. Enter the stall when prompted, and the lewd scene will unlock.

If you want to mess with Becky, you can give her a cola drink mixed with absinthe. You can find her puking in the same stalls where her lewd scene plays out.

Karen and Sally are in the sauna after their intro scene with Quinn in her room. You can click Sally to get a scene with them. Tease Sally for +1 **DIK** point.

If you made the alphas leave the party, you can talk to Heather again. She will thank you, and you will get a choice to tell her that Tommy cheated on her or not. If you tell her that he cheated on her, you can mix a drink to get on her good side. She likes any drink with absinthe as liquor.

If you got Quinn's lewd scene in episode 6, you can talk to her in the kitchen at this point. You can ask her if she wants a drink. Mixing her a classic drink, like

rum and cola, will make her happy. If you made her happy with a drink, you can choose to “Touch her” for a special scene. During this scene, you can take a picture of her and post it on Rooster later.

If you talk to Jacob, he will say that he’s nervous about the alphas being at the party. If you made all alphas leave, speak to him, and he will go to the living room and make out with Clara.

Riona and Camila are dancing in the living room. Talk to them, and they will ask you to bring them drinks. They want different drinks; Camila wants tequila or vodka, and Riona enjoys rum or whiskey. If you like Camila more than Riona, or vice versa, choose to make a drink with the right liquor. What you mix it with doesn’t matter. If Camila or Riona likes you, meaning you have a lewd history or at least flirted in the past, the one you impressed with your drink will invite you to their room for a lewd scene. If you told Quinn during her hangout in episode 7 that you liked a freebie from one of them, you could get it for free. It’s also free if you either said to Sage in episode 4 that their ass was the best or if you gave Riona more than \$\$ in episode 5. If you can’t get it for free, it will cost you \$\$\$\$. If you didn’t accept Quinn’s offer in episode 1 to buy from her restaurant, you will get the lewd scene for free. The lewd scene will unlock, and halfway through, there’s an option to turn it into a three-way with the girl you didn’t pick.

If you’re in Josy’s and Maya’s relationship, you can join Josy in the backyard and get a scene with her. At the end of this scene, she will ask if she can sleep at your place later. Accept if you want an extra scene with Josy later.

You can find money at two locations. The first spot is on Heather’s desk in her room. The second spot is in the closet between Quinn’s and Sage’s rooms; you need the key you find to the right in Sarah’s and Melanie’s room to unlock the door.

There are minor events you can get on top of these by talking to people at the party. But these events won't be explored further in the guide. Don't forget to pick up any special render during the free roam.

Click the cork board above Heather's bed to get the second and third digits to the Vault app for episode 7.

One final thing to do at the party is to complete the Pack Quest. Open the Pack Quest app on your phone and accept the quest. A list of ten buttons will show, and it's your task to find them in the HOTS' house. Here's a list of how you find each button.

#### Finding the Pack Quest buttons:

- 44 dB: Go to Quinn's room and make sure you've seen the scene with Sally, Karen, and Quinn. Go to the basement. Outside of the sauna, you can find clothes on the floor. Karen's hearing aid is on the floor with the clothes. Click it to find this button.
- Bad girls: Go to Riona's and Camila's room. Click Camila's desk to the right. There's a card saying, "Good girls finish last. Bad girls finish fast." The hidden button is on this card.
- Crab stick: Go to Ashley's and Arieth's room. There's a black dildo on the wall next to Arieth's bed. Click it for the hidden button.
- Ember: In the sauna, click the glowing charcoal for this hidden button.
- Marine time: There's a box of crackers on the drawers to the right named Marine time in Quinn's room. You'll find the hidden button on this box.
- Number 1: Go to Heather's and Josy's room. On Heather's desk, there's a mug with a foam hand saying #1. Click it for the hidden button.
- Omicron: There's a HOT painting on the wall in the living room to the far left. Click the 'O' for the hidden button.

- Smell of the Sahara: There's a leopard painting above the bed in Sage's room. Click the leopard's nose for the hidden button.
- Sounds like a trumpet: In Lily's and Elena's room, go to the left to see a painting with an elephant on it. Click the trunk to find the hidden button.
- Wings of a Butterfly: There's a butterfly painting on the wall outside of Sage's and Quinn's rooms. Click the wings of the butterfly to find the hidden button.

Once you have found all buttons, open the Pack Quest app again and turn in the quest to unlock the custom render pack #2.

Exit the free roam event by clicking on the front door in the lobby.

A special feature in this free roam event is that you will get drunk after drinking three drinks. When you are drunk, many conversations will be different. To check this, the Task app will display "Have drinks 3/6".

The different persons to drink with and where they are located are:

Hint! Use the fast travel system at the bottom right of your screen.

Rusty: Teleport to “Drink zone” ; he’s on the couch.

Elena: Teleport to “Chill zone”; she’s on the couch. Choosing to accept her shot will affect your friendship with Elena and John Boy positively.

Jacob: Teleport to “Dance zone #2” ; he’s dancing.

Hint! If you did those three in that order, you’re now drunk and will get the drunk variation of all scenes at the free roam event. If you’d rather have the sober version, you can wait to drink with everyone to the very end of the free roam event.

Maya: Teleport to “Drink zone” ; she’s talking to Josy and Becky. If you’re in Josy’s and Maya’s relationship, you can flirt with her and get + RP Maya.

Teleport to “Outdoors” and talk to Riona. If you aren’t drunk, you can flirt with her. If you agreed to help her with her stalker problem in episode 7, you will spot the stalker and start chasing him. You will get a new task to find him at the party.

Flush the paper: Permanent penalty to **DIK** status.

Study the answers: Permanent penalty to **CHICK** status. You will cheat at the midterms tests.

Just like Major choice #14, if you have attained permanent affinity before this major choice, there may be an extra Neutral option to “Leave the papers”. You

won't cheat at the midterms if you choose this, but you won't flush the papers either.

From this point, no matter how you play the game, you will have a permanent affinity and be locked to either **DIK**, **CHICK**, or Neutral affinity. All future major choices will reflect your personality and occasionally even past choices.

During the English midterms test, you will automatically cheat and pass the test if you chose to Study the answers in the major choice.

If you didn't cheat and are playing with mini-games enabled, there will be an English mini-game.

Helping Jill, even if she fails, will give you + RP Jill. If you didn't help Jill, you can console her afterward for + RP Jill.

At this point, your character will evaluate the relationships you have formed during the game. Depending on how he feels about different girls, they will either be available to choose or not. It's all relative to his feelings, and the choices you are presented with have many different outcomes and possibilities.

The choices you can pick between, depending on your history with the girls, are:

Josy & Maya: You have to be in their relationship to be able to choose this.

Isabella: You have to be dating her to be able to choose this.

Sage: You have to be her fuck buddy or fucked her in episode 7 to be able to choose this.

Jill: If you were invited to dinner with her friends, this will be an option. It may also be an option in other rare cases, but if you didn't get invited to dinner, she will reject you if you choose to be with her.

Others: This option is only available if you aren't in Josy's and Maya's relationship and don't have a successful relationship with Jill. Choosing that none of the other girls are right for you will cause you to reject any main girl relationships and stay friends with them.

**Hint! Whatever choice, it will have a huge impact on the story that follows. The choice you make will be referred to as being on someone's branch from here on. For example, the branches are referred to as: Josy's and Maya's branch, Jill's branch, Isabella's branch, Sage's branch, and others' branch.**

## Scene location: Isabella's house

If you aren't on Isabella's branch, skip to the next scene.

Grab her ass: +1 **DIK** point

Don't grab her ass: -1 **DIK** point

Enjoy the lewd scene that follows. Choosing that you can or can't handle her will give you slightly different outcomes and animations.

## Scene location: Free roam event in the DIK mansion

Hint! Your **DIK** score will be updated, and you may have a new status in your Stats app.

- Madame Rose: She will notify you that you can buy new lewd scenes from her if you're on the others' branch.

Pick what you want when chatting with everyone. No stats are affected.

Go to your study area and click on your jacket for the final digit to the Vault app.

Check your desk area. It may have changed, depending on your chosen branch and choices during the episode.

# Lewd scenes – Episode 5

## Riona

This lewd scene is unlocked by confronting her during the scene at the Alpha Nu Omega balcony. You need to have discussed the cluck of Cathy in episode 4, during the free roam event at the DIKs, to

have a special dialogue unlock during the scene. You get the chance to offer her money; give her any amount. If you kissed her during the free roam event at the DIKs and have bought Riona's services from Quinn's restaurant in the past, Riona will offer to fool around with her. Choose "Go for it" two times in a row, and the lewd scene will unlock.

## HOTs

During the free roam event at the Alpha Nu Omega mansion, enter the bathroom on the second floor; it's by the staircase leading up to the top floor. A scene with Sarah, Melanie, and Heather will play.

After the scene is done, click on them. If you have Massive **DIK** status, you can join them in the bathtub, and the scene will unlock.

## Lily

To unlock a lewd scene with Lily, the first step is to reply, *"You want tequila? I can fix that for you."* to her cluck during the free roam event at the Alpha Nu Omega mansion. After finding a suit, you can access the bar on the ground floor. Talk to the bartender and ask for tequila. Click right and talk two times to Derek to make sure that he is distracting the bartender. Click left to go to the bar again. Click the bottle of tequila on the top shelf. Return to Lily with the bottle. Make sure you tell her that you want a personal stripper when she tells you about DIK traditions. She will ask you to get lemon and salt and meet her upstairs. Go back to the bartender and ask for a lemon. Return to the corridor on the second floor. Lily is standing outside of the room where you found the suit. Make out with her after drinking tequila. You can pay her to unlock the lewd scene. It would cost **\$\$** if you didn't put your finger in her asshole at The Pink Rose, or **\$\$\$\$** if you did. You can get the lewd scene for free, but she will only accept if you don't have a **DIK** affinity.

## Camila

Camila is sitting alone at the bar during the Alpha Nu Omega free roam event. Talk to her and ask her to help you when Tybalt walks into the room. After she kisses you, kiss her

again. If you asked Camila to have sex outdoors with you in episode 4 and have used Camila's services through Quinn's restaurant, you could pay her \$\$ to unlock a lewd scene. If you choose "Fuck Quinn" and have fucked Mona and Camila in episode 3, you don't have to pay for the lewd scene.

## Sage

Sage's lewd scene will unlock if you're her fuck buddy. Just play through episode 5, and it will unlock when the Alpha Nu Omega free roam event is completed.

## Josy

To unlock a lewd scene with Josy you need to be a part of Josy and Maya's relationship. If you chose to try for something more and they accepted you at the end of episode 4, you're considered to be in their relationship. After Pete drops off Josy's belongings, choose to follow Josy to unlock a lewd scene. If you have > 10 RP Josy, you will unlock a full version of the lewd scene.

## Maya

To unlock a lewd scene with Maya you need to be a part of Josy and Maya's relationship. If you chose to try for something more and they accepted you at the end of episode 4, you're considered to be in their relationship. After Pete drops off Josy's belongings, choose to find Maya to unlock a lewd scene.

## Cathy

After talking to Cathy in Isabella's home, offer to drive her home. If you're not in Josy and Maya's relationship and you have completed her Swyper chat in episode 4, by having a sexy chat with her, you will get the option to unlock a lewd scene with her. Tell her, "No, I want to continue", and it will unlock.

## Jill

When Jill kisses you goodnight, you can choose to take it further, but only if you've told her that you're a nice guy or kissed her during the date in episode 4.

## Jill & Isabella (Yoga scene)

This scene will unlock by playing the game. If you kissed Jill or told her that you're a nice guy in episode 4, choose to do more yoga with her to unlock an extended version of the scene.

Join Isabella in the sauna. If you have kissed her in episode 3, you can choose to make a move on her. Doing that will unlock the lewd scene.

Sit with Sarah and follow her out of class. When she asks you to come back to her place, do it. She will ask you to pay for sex, it will cost you **\$\$\$**, but there are also two ways of getting it for free. One way to get it for free is to say that her ass is the hottest when you're attending the HOTS' movie night in episode 4. Another way is to choose "Looking at Sarah" during the bathtub scene at the alpha nu omega party in episode 5. She will be flattered that you like her and will agree to have sex for free.

## Quinn

Quinn's lewd scene is unlocked if you had sex with her on the rooftop in episode 4 and if you're not in Josy's and Maya's relationship. You must also have a **DIK** affinity to be able to get this lewd scene. When you bump into Quinn during the rainy night, choose to help her unlock the lewd scene.

## Isabella

If you got Isabella's lewd scene in episode 5, you're on a romantic path with her. During episode 6, she will call you and ask if you want her to help you clean your room. If you get a choice, accept her help. After this, the lewd scene will unlock by playing through episode 6.
